General Terms and Conditions

1. The contract of carriage is created by a two-way confirmation of the client and the carrier, either by confirming the order with a stamp and signature, or by a written confirmation in the e-mail as a confirmation of receipt of the order.
2. In case of any unforeseen circumstances that will affect in proceeding the service under agreement that is included in the contract, regardless of cause, Carrier is obliged to inform Customer immediately. The Carrier is obliged to send written explanation immediately.
3. By commencing the order, the Carrier is obliged to comply with all the social regulations enforced in the countries that the transport will be carried out. This includes: providing the driver with conditions to take a rest, with the right to the salary not lower than the minimum wage described by law. This relates to the minimum pay in particular, but not limited to: MLog regulations in force in Germany, LOI MACRON in France, in Austria -LSD-BG, in Italy - Decree 136/2016 and have a delegate in that country that is described in all mentioned regulations. Contractor confirms that he is taking full responsibility on behalf of Customer of all the claims and fines from third parties (this includes public entities). This would be a result of non-compliance with the all above-mentioned regulations by Carrier, subcontractor and employees of the Carrier.
4. According to the CMR Convention, the carrier must have valid insurance for the entire value of the goods carried under this contract of carriage.
5. The Carrier may not resell the order to another carrier without the Customer consent. In the event that the delivery is carried out by a subcontractor and not by the carrier itself, we reserve the right to penalize up to 90% of the price of freight.

Adherence to shipping deadlines and delays

6. In the event that the carrier does not comply with the time of loading or unloading the goods, as given by this order, we reserve the right to deduct 50%, minimum is 250€ of the price of freight for each violation.
7. In case of violation of the FIX deadline, a fine of 90% of the total price of the freight is agreed
8. In case of any delays, regardless of the cause, the Carrier is still obliged to complete the transport. This includes leaving the vehicle to the availability of Customer if loading process and other formal procedures have not yet started.

Cancellation of shipment

9. Customer reserves the right to terminate the contract in the following cases:
 - When the Carrier does not arrive to the place of the load in the time frame described in the contract.
 - When the Carrier informs Customer that it will not be possible to send the vehicle to the place of loading in the time frame described in the contract.
 - When circumstances known to Customer indicate it is not possible for the Carrier to send the vehicle to the loading place in the time frame described by the contract.

In the event Customer decides to terminate the contract with the reasons described above Customer reserves the right to charge a penalty of 50% to the value of this contract, min. is 200€.

10. In the case of a futile raid of the vehicle for loading, the contract price of € 50 is agreed for the delivery of the vehicle for loading by mutual agreement.
11. In the event of cancellation of the order from the carrier, we reserve the right to find another vehicle for this transport and if the price for transport is more expensive than in the case of this particular transport contract, we will charge the additional cost to the carrier who canceled this contract.

In addition, it is subject to a penalty for additional costs incurred by the customer due to his dishonest behavior.

21. If the Carrier loads goods that are different in size or number of pieces than exactly specified in the order, it is obliged to report this information to the Customer and wait for information from the Customer whether it is possible to leave load place with these goods. If the Carrier does not fulfill this obligation, the Customer is entitled not to pay a agreed price for this transport.
22. In the event of an accident or detention of the Carrier's vehicle or other obstruction proper transport, resp. completion of the transport by the agreed vehicle is the Carrier obliged without delay at his own expense to secure another similar vehicle parameters. In the event of non-compliance with this obligation, all costs incurred will be incurred the Customer associated with the seizure of another vehicle billed to the Carrier and this is obligatory reimburse the additional costs incurred to the Customer in full. The Carrier is at the same time obliged to pay a contractual penalty in the amount of 25% of the total agreed price of transport.

Shipping costs

23. If the transport involves a pallet change, the carrier is obliged to carry out the pallet change within a pre-agreed time. If this term is violated or the pallets are not returned, the ordering party is entitled to deduct 20€ from the final agreed shipping price for one type of pallet and 100€ for one type of gitterbox.
24. Article 24 of this order remains valid even if the transport has been agreed without changing the pallets, but the driver has the pallet ticket incorrectly confirmed at loading/unloading place or does not write a clear note in the transport documents that the transport was carried out without changing the pallets.
25. Waiting of the Carrier for loading or unloading to 24 hours is without a standing fee.
26. In the event that the Carrier does not report any change in the type of vehicle or another vehicle, we do not take any responsibility for the standing fee caused by the vehicle and the carrier is not entitled to any additional costs. The same applies if a vehicle other than what is exactly required arrives for loading.
27. In the case of a transport complaint, the invoicing period begins only after the transport complaint has been resolved. The client will inform the carrier by e-mail about the termination of the complaint.
28. In the event of damage to the goods, the invoicing period will be deemed to have begun only after the successful resolution of this case by the insurance company. Compensation for damage is calculated from a valid CMR agreement, or if the client explicitly states the value of the goods in the transport order.
29. In the event that the Carrier carries the transport with a customs stop and does not clear the goods properly, it is agreed that after resolving the additional customs clearance of the goods by the Customer, this amount will be charged to the carrier as a failure to fulfill its proper customs obligations.
